Humorous Histories

Want to give your venue, event or education programme the edge over your competitors? Want to reach out to your audience with some interactive tales? Well look no further!

I create humorous bespoke characters and stories to highlight what is wonderful about your organisation. Whether about people or places, a full show or a walk-about character, make history come alive in a highly entertaining and original style; part scripted, part improvised, fully entertaining.

The main target audience is families, but Humorous Histories can be easily adapted to follow the National Curriculum and I offer workshops.

I have access to a select pool of specially trained, highly talented actors for multi-character stories.

Don't just take my word for it, I've an extensive track record of delivering high quality work having performed for a host of companies including:

E4: Providing comic "i-dent" links between TV programmes

Historic Venues: Including performances at Dover Castle, Penshurst Place, Eastbury Manor and Groombridge Place
